

## PENTECOST 11

Jesus, the Bread of Life:  
Do not work for food that spoils.

# PEACE LUTHERAN CHURCH

August 5, 2018

## WELCOME TO WORSHIP

We love that you are here today! The library in the back offers parents a place to go with their little ones if necessary and still participate in the service. Restrooms are in the hallway to the right and also across the hall on the right side, opposite the school office.

## TODAY'S FOCUS

Last Sunday, we heard that God provides all we need for our physical life. Since He does this we need not wear ourselves out trying to obtain earthly things. The food that truly gives life is Jesus. Jesus gives *Himself* to us in Word and Sacrament. Today is the second of a 5-Sunday series on "the Bread of Life."

**The Food that Endures to Eternal Life**

## **WELCOME TO OUR NEW FACILITY!!**

Today is the first Sunday we are worshipping here. Prior to this our ministry had been divided between two campuses. Our recent construction enables us to carry out our mission together on one campus.

The worship space you are in, beautiful as it is, is not a permanent place for worship. A future phase of construction will involve building a separate sanctuary along the west side of this room. This room will function as a fellowship hall.

On Sunday, September 9, we will have a special dedication service & celebration for the newly completed portions of this campus at 8:00 & 10:30. Please join us!

## **THE USE OF PROJECTED IMAGES**

As you see, at this time the projectors are being employed as traditional hymn boards with service information. It is not the purpose of the Board of Elders to do away with our hymnals.

Even if that were the purpose, we couldn't dive straight into using all-projections-all-the-time. It is a complex component that requires detailed planning and practice if we intend to conduct worship that reflects excellence. In the future there may be projected components to our Sunday morning experience that we introduce gradually as we get accustomed to our new facility and its technological capabilities.
